

AMENDMENT TO THE DRAWING(S)

The attached 28 sheet(s) of formal drawings replace the original sheets including Figs. 1-30.

REMARKS/ARGUMENT

The present Amendment serves as a response to the Notice of Drawing Inconsistency With Specification dated July 26, 2007.

Applicant appreciates the courtesy extended to Applicant's undersigned attorney during their telephone conference of August 23, 2007. During the conference, the Notice of Drawing Inconsistency With Specification was discussed and the Examiner suggested responding to the Notice via the present Amendment Pursuant to 37 C.F.R. § 1.312.

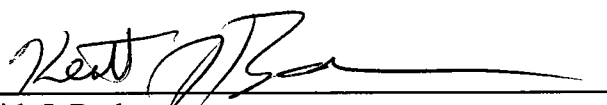

The Notice indicated that Figures 27-28 are listed in the Brief Description of the Drawings, but are not included in the Drawings. It appears that a second copy of Figure 29 was inadvertently submitted in the present application in place of the sheet of drawings including Figures 27-28. Applicant hereby submits 28 sheets of replacement drawings with Figures 1-30 including Figures 27-28. Applicant notes that the present application is a continuation of Application Serial No. 09/935,725 filed August 24, 2001 which is a divisional of Application Serial No. 09/592,843 filed June 13, 2000, now U.S. Patent No. 6,336,597, which is itself a divisional of Application Serial No. 08/269,324 filed June 30, 1994, now U.S. Patent No. 5,653,350. Figures 27-28 submitted herewith are the same as Figures 27-28 filed in these parent applications. Thus, it is respectfully submitted that no new matter has been added.

In view of the foregoing, favorable consideration and entry of these amendments are earnestly solicited.

Respectfully submitted,

THIS CORRESPONDENCE IS BEING
